Members Notice

Amalgamation - Expression of Interest

The Club has today published through Clubs NSW a formal Expression of Interest to amalgamate (EOI). This notice is open to other clubs both within and outside a 50km radius of our club.

The Board raised the possibility of amalgamation at the member's information meeting on 2nd December 2018 and has taken this step for a number of reasons.

This includes the receipt of two unsolicited expressions of interest received from The Wyong Rugby League Club Group and Toukley RSL.

In addition the Board has obtained external professional advice on the financial status of the Club and its future prospects. This advice strongly supports amalgamating with another club.

The amalgamation process ultimately requires member approval which you will be asked to support if a worthy amalgamating party is identified.

The Board will provide you with updated information as appropriate from time to time.

On behalf of the Board.

**Tony Rogers
Chairman of the Board**
